

Ways We're Helping You Get Care!

At Passport, we're always looking for ways to help you get the care you need. Here are some of the projects we have in place to help you:

Project Name	What We Do for You
You Can Control Your Asthma!	We help members with asthma control their asthma. We talk to members about their medicines, Asthma Action Plans and screenings.
After Delivery Care	We reward pregnant members with gift cards for attending postpartum visits. We talk with members about why postpartum visits are so important.
Promoting Healthy Smiles through Preventive Dental Care	We reward members with gift cards for visiting a dentist. We talk with members about why dental visits are so important.
Mental Health and Primary Care (Integrated Healthcare)	Members with serious mental illness have high rates of physical health problems. We help these members get their physical needs met, too.
Behavioral Health Medicines (Psychotropic Drug Intervention)	We help members with depression and anxiety get the medicines they need.
Know You or Your Child's Medicines (Antipsychotic Monitoring for Children and Teens Ages 1 to 17)	High rates of antipsychotic medicines are being prescribed to children. We help these children get the treatment they need by working with their parents or guardians.

Questions?

If you want to know more about these projects or how they can help you, please call us at **1-877-903-0082**. We're happy to talk with you and listen to you!
