Brief Emotional/Behavioral Assessment (Code 96127) will no longer deny

From: Passport Health Plan
Sent: May 5, 2016
To: Passport Providers

Background:

Passport Health Plan has determined that Brief Emotional/Behavioral Assessment (CPT code 96127) should not have denied (Z25 Submit to Beacon) when billed as a medical claim. This assessment is appropriate whether completed by a medical or behavioral health provider. Passport has updated its systems to allow this code to pay.

Provider Action Needed:

No action required on denied claims for dates of service beginning January 1, 2015 as these claims will reprocess. Effective immediately, please continue use of the CPT code 96127 when submitting claims to Passport for this service.

Questions:

Please contact Provider Services, 800-578-0775 or your provider relations specialist at :
